Remsen Central School District Vision Statement
Remsen Central School District forever aspires to be a unique, distinguished, welcoming learning community that fosters a growth mindset and essential traits of great character. RCS will remain dedicated to cultivating and supporting each student’s individual abilities and interests as they confidently work to realize their full potential to lead happy, healthy, successful lives.
All Remsen students will Soar to Success.

One of our District’s Core Values
We are grateful for our school community. We will work collectively to ensure we are able to leave our children, for generations to come, with an even better community and school than we have today.

Two of our District’s Goals
Ensure each child has the opportunity to reach their full potential in a global society.

Develop, maintain and improve resources within a fiscally sound and responsible budget.
Additional Long-Term Goals

Maintain outstanding programs for our students while remaining fiscally responsible

Provide the necessary support and resources to put Remsen at the top for academic achievement

Long range district plans to ensure sustainability

Continue to update and improve our buildings and grounds to ensure safe, clean, and functional learning environments

NYSED Building Condition Survey
Mandated in NYS Schools every 5 years = Use BCS to help identify priorities

Process
Our list of items to consider was long and it took many meetings to pare it down to this proposed project

Work that did not make this cut that will need to be incorporated into subsequent Capital Improvement Projects

Summary
Project includes many needed repairs, renovations, and areas of reconstruction. While the proposed project does not include any flashy new additions or new fields, it does include essential items that are in need of attention and maintenance.
